Subject/Title

Amend the Planned Commercial Development Plan for Metro Crossing Subdivision, related to signage.

Background/Discussion

Site Enhancement Services, representing America's Best Contacts and Eyeglasses, has requested an increase in the amount of permitted signage at a tenant space located on Lot 17, Metro Crossing Subdivision. The owner, KIMCO Metro Crossing, L.P. has authorized the application.

Lot 17, Metro Crossing Subdivision is located in the central part of Metro Crossing and includes the detention basin/water feature. The structure located on the lot provides multiple tenant spaces. Tenants currently located on the lot include Buffalo Wild Wings, Radio Shack and Game Stop. America's Best Contacts and Eye Glasses will be located in the angular portion of the building. The applicant proposed placement of signage on the front and rear elevation of the building as shown in Attachment A.

The adopted development plan allows:

- a) Attached signage for each building shall be allowed at a rate of 15% of the building front façade (see below); however, the signage may be placed on any elevation of the building, front, rear of side.
- b) For the purposes of determining minimum setbacks Metro Drive shall be considered the front property line, Denmark Drive shall be considered the rear property line, McDermott Street shall be considered a street side yard.

The applicant proposes the following:

To allow 15% of the tenant façade area for the total allowable wall signage on the main storefront entrance. In addition, to allow 10% of the tenant façade area for the total allowable wall signage per each additional public road frontage. Wall signage must be applied to that elevation in which it is calculated from and may not be transferable to another building frontage.

The applicant's submittal states that the calculated 15% of the front elevation intended for both, front and rear allowable signage restricts tenants who are inline and face multiple public frontages. The request further states the intention is to provide the tenants with multiple frontages the ability to properly identify their businesses to the public and provide them with a safe and effective way-finding tool.

Staff made considerations for the stated concerns at the time of development plan review and allowed for signage to be placed on any part of the building, front, rear and/or side occupied by a tenant. In addition, monument, multi-tenant signs were also permitted on Lot 17 with the approval of the development plan.

In the case of America's Best Contacts and Eyeglasses the estimated allowed amount of signage is as follows:

Tenant space façade calculation: 28' wide x 20.75' tall= 581 sq. ft.

Allowed signage: 581 sq. ft. x 15% = 87.15 sq. ft.

_ _

The applicant proposes the following total attached signage: 83.27 sq. ft.(front) + 83.27(rear) = 166.54 sq. ft.

Applicant's proposal could allow up to: 1300 rear façade area x 10% = 130.00 sq. ft.

Front façade x 15% = 87.15 sq. ft.

Total possible=: 217.15 sq. ft.

It should be noted, if amended the development plan will apply to all signage on Lot 17, Metro Crossing and could result in permits for additional signage on existing tenant spaces.

Recommendation

The Community Development Department recommends the following amendment to the adopted development plan for Lot 17, Metro Crossing Subdivision:

- a) Attached signage for each building shall be allowed at a rate of 15% of the building front façade (see below); however the signage may be placed on any elevation of the building, front, rear or side the front or side of the building; and
- b) Attached signage for each building may be allowed at a rate of 10% of the rear façade area of the (see below), provided that not more than one sign may be placed on the rear elevation; and
- c) The amount of signage placed on the rear elevation should in no case exceed the amount of signage placed on the front elevation; and
- d) For the purposes of determining minimum setbacks Metro Drive shall be considered the front property line, Denmark Drive shall be considered the rear property line, McDermott Street shall be considered a street side yard.

Public Hearing

Brent Forte, representing the applicant appeared before the Planning Commission in favor of the request. No one appeared in opposition.

Planning Commission Recommendation

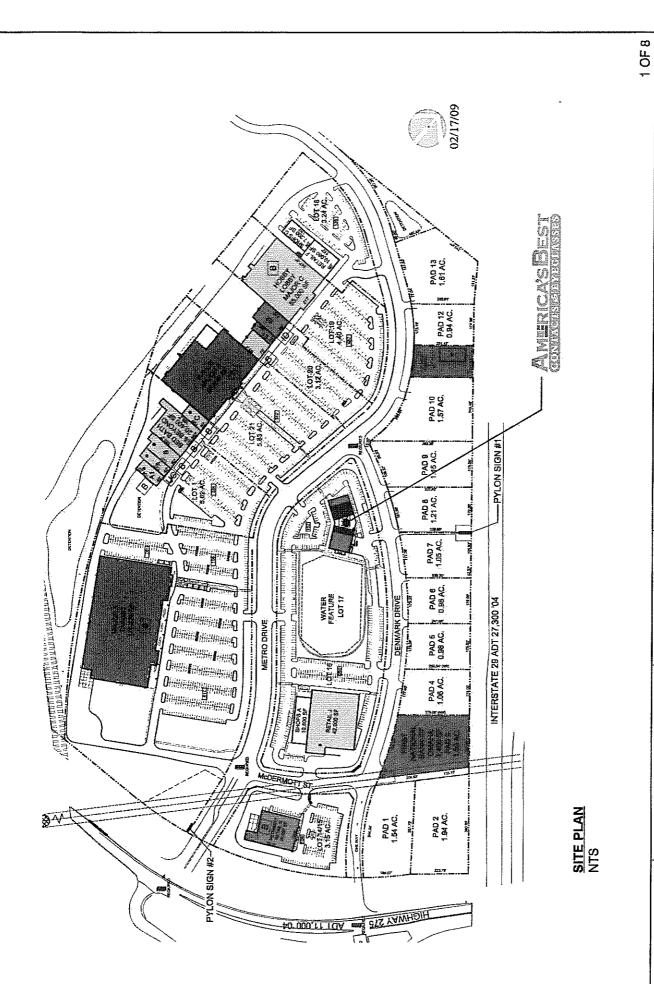

The Planning Commission recommends amending the adopted development as presented in the recommendation by the Community Development Department.

RE: License/Permit No. BC-0015147

A complaint has been filed as a result of a liquor license violation. The penalty will be determined by the City Council of Council Bluffs under the authority granted by Iowa Code Section 123.39. The charge is for selling an alcoholic beverage, beer, or wine to a minor. It is alleged that this is your first offense.

Iowa Code Section 123.39 allows for the imposition of a civil penalty in lieu of or in addition to a suspension or revocation. The local authority is also empowered to seek a mutually agreeable resolution of a liquor control license/permit violation. If the licensee has no previous violations, the penalty for first offense is a civil fine of \$500.

You have ten calendar days from receipt of the enclosed notice to submit a written request for a public hearing, at which time you may present your defense. Failure to file such a request will result in the City Council taking action without a public hearing. This matter has been scheduled to be considered by the City Council on November 23, 2009. On that date, the public hearing will be set, if timely requested. Otherwise, the City Council will take action on the Complaint without public hearing.

If you would be interested in executing a written stipulation without a public hearing, please contact me within ten days from the date of this letter. This does not delay the requirement that you file a written request for hearing within ten days if you desire a public hearing. However, if we can settle this matter by executing the joint stipulation, the public hearing would be cancelled.

If you have any questions, please contact me.

Sincerely,

Don Bauermeister Asst. City Attorney

STIPULATION

Council Bluffs, IA 51501

Liquor License No. BC-0015147

COMES NOW the City of Council Bluffs, Iowa, by and through Don Bauermeister,
Assistant City Attorney, and Kwik Shop #527, "Licensee", and hereby enter into the following stipulation:

COUNT I

- 1. Violation. The Licensee admits for the purposes of this Stipulation that on or about October 20, 2009, the Licensee, or agent or employee of the Licensee, sold or permitted the consumption of an alcoholic beverage to a person under the legal drinking age, failing to exercise reasonable care to ascertain whether the person was under legal age, in violation of Municipal Code Section 3.08.190 and/or Iowa Code Section 123.49(2)(h).
- 2. Administrative Sanctions. As an administrative sanction for the cited violation, the Licensee agrees to the following:
- a. Civil Penalty. The Licensee, for purposes of Count I, shall pay a fine in the amount of five hundred dollars (\$500.00). Full payment to the City of Council Bluffs shall be made by ______.
- 3. Limitations of Penalty. The parties agree that no other penalty for the violation listed in Paragraph 1, other than those listed in Paragraph 4, shall be imposed on the Licensee.
- 4. Scope of Stipluation. This Stipulation is only applicable to the disposition of the violation which occurred on or about October 20, 2009, and shall not be binding as to any other offense or violation of the Licensee.

_ ~

5. Administrative Approval. The administrative sanctions imposed pursuant to this Stipulation are subject to the approval of the Administrator of the Iowa Alcoholic Beverages Division. The failure of the Administrator of the Iowa Alcoholic Beverages Division to accept the proposed administrative sanctions as appropriate for the offense charged in the pending hearing complaint shall render this Stipulation null and void without force or effect upon any party.

COUNCIL COMMUNICATION

Department: Public Works

Ordinance No.____

First Reading November 23, 2009

Case/Project No.: FY10-10

Resolution No.09-336

Applicant: Greg Reeder, Public Works Director

SUBJECT/TITLE

Council consideration of a resolution accepting the work of Leazenby Construction, Inc. as complete and authorizing release of the retainage after 30 days if no claims are filed in connection with the Lower Bennett Rehab – Phase I. Project # FY10-10.

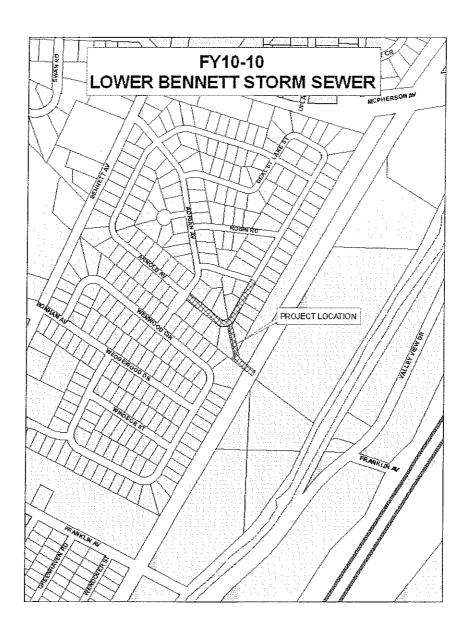

BACKGROUND/DISCUSSION

- Weaver's 3rd Addition, and Seldin's 4th & 5th Additions are the residential areas east of Bennett Avenue from Franklin Avenue to McPherson. The streets in the area are 40-50 years old and in poor condition. There is inadequate storm sewer in the area.
- The neighborhood infrastructure will be replaced over several years. Phase I is the area around Mielke Way and Arnold Avenue. Improvements included new concrete pavement, storm sewer, and sanitary sewer.
- The project is FY10-10 in the CIP and was funded by G. O. Bonds.
- The contractor received one notice of non-conformance during the project and the deficiency was corrected.

COUNCIL COMMUNICATION

Department: Public Works Ordinance No. First Reading November 23, 2009

Case/Project No.: <u>FY09-05E</u> Resolution No.<u>09-353</u>

Applicant: Greg Reeder, Public Works Director

SUBJECT/TITLE

Council consideration of a resolution accepting the work of MFT Construction, Inc. as complete and authorizing release of the retainage after 30 days if no claims are filed in connection with the East Manawa Storm Sewer-Phase I. Project #FY09-05E.

BACKGROUND/DISCUSSION

- The area of East Manawa is very flat with open ditch drainage. There are no storm sewers in this area and during intense rainfall events considerable surface ponding occurs. The streets are thin asphalt and also drain poorly.
- Due to the narrowness of the right-of-way (30 ft.) and to the high water table in the area, conventional storm sewer
 construction was not practical. The use of porous pavement in conjunction with a porous granular base and shallow
 subdrain/conveyance system had been determined to be the most cost effective means available to improve the area
 drainage.
- The project, which was a pilot project for the city, constructed 2 blocks of subdrain and porous asphalt pavement with concrete curb and gutter on Huron Drive east of Navajo. The storm water runoff filters through the pavement and granular base and will outlet to Lake Manawa. The sanitary sewer and water main was also replaced.
- The construction of porous asphalt pavement with concrete curb and gutter and subdrain system will continue in several phases to upgrade and improve the roadways and storm surface drainage in the area.
- This was project FY09-05E in the 2009 CIP and was funded with sales tax funds.
